■ **Nightflow & Night skiing Fiss (Thu 26.12.2024, 02.01.2025 and every Tue from 07.01.2025 to 15.04.2025)**

Möseralmbahn, Sonnenbahn	5.45pm – 10.00pm
--------------------------	------------------

■ **Toboggan evening & Kids-Night (Thu, 19.12.2024 and Mon 23.12.2024 and Sun 29.12.2024 and every Thu from 09.01.2025 to 17.04.2025)**

Schönjochbahn, Sonnenbahn	5.45pm – 9.30pm
Märchenexpress	5.45pm – 9.00pm

All further cable cars and lifts run daily from 9.00am to 4.00pm.

The ski slopes are closed each day from 5.00pm to 8.45am! You are not permitted to ski or stay on the slopes during these times.

■ **Exceptions in Serfaus**
The Mittelabfahrt slope, Südbahn slope and the Waldabfahrt slope Serfaus are closed from 6.00pm (except on Wednesdays: The Mittelabfahrt slope and the toboggan run are closed 5.00pm – 6.00pm, open from 6.00pm – 11.00pm for Adventure Night, night skiing & toboggan evening).

■ **Exceptions in Fiss**
The Ladisabfahrt, Poschiabfahrt and Winklabbahn slopes are accessible daily from as early as 8.30am, the Möseralm and Winklabbahn slopes are open for night skiing from 5.45pm to 10.00pm. During the toboggan evening, the tobogganing run is open for tobogganing from 5.45pm to 9.30pm.

On Wednesdays the pistes may be used by "First Track" participants from 7.30am.

Piste maintenance and snow-grooming vehicles with winch cables

We occasionally need to deploy piste maintenance machines on the slopes when they are still being used by skiers. Please ensure you keep a safe distance from such machines in the interests of your own safety. Please heed acoustic and visual warning signals at all times! After pistes close at the end of the day winch cables from piste maintenance devices present a potential hazard. The cable car operators accept no liability for accidents! Please note that in the case of persistent snowfall, groomed slopes may once again become snowed over prior to opening so that they may not always be completely frozen. As a result, moguls and piles of snow may form shortly after the ski slopes are in use.

Closure of pistes and avalanche blasting

For safety reasons, avalanche blasting may take place if large amounts of fresh snow have fallen. Detonations usually take place in the early hours before the start of regular ski operations. If there is a particularly large volume of new snow, avalanche blasting may also have to take place while the slopes are being used by skiers. The affected areas are then closed for skiing! Watch out for information at stations and terminals!

Backcountry skiing

If you intend to go skiing outside the secured area you are advised in the interests of your own safety to find out about the risk of avalanches, any planned avalanche blasting and weather conditions from the cable car operators. Various piste tours from the bottom stations are signposted in the ski resort.

Tobogganing

Please do not use the ski slopes. Use the tobogganing run or the signposted tobogganing slopes.

Skiing accidents

Please report the type and location of the accident to the nearest cable car station or terminal, or contact the mountain rescue services directly.

Inspections and fraudulent use

Admission checks are carried out at the cable car bottom stations using automatic scanners. Please follow the instructions of the staff and use the ticket inspection machines properly. On-the-spot inspections take place in the ski resort. Therefore, you should always carry your ski pass with you. Any incident of fraudulent use or bypassing of the scanners shall result in immediate confiscation of the ski pass. We reserve the right to report the offence to the police. Anyone caught in the inspection zones without a valid ski pass shall be required to pay a fine set at twice the allday ticket rate. A receipt showing that the fine has been paid can be used as a ski pass on the same day. Please note that under the Austrian cable cars liability act, only customers with a valid ski pass are covered for insurance purposes. Do not buy any ski passes from unauthorised vendors – such ski passes may be blocked! Furthermore, you are committing an offence by doing so! Our ski passes are subject to the "photo compare" access control system. This means that at the turnstiles of the feeder cable cars, a photo of the ski pass holder is sometimes taken, which can then be compared with images taken randomly when passing through technically equipped turnstiles in the ski resort. The corresponding pictures are stored in encrypted form and deleted after the ski pass has expired. With the purchase of a ski pass, you give your consent to data processing in the form described. It is also possible to

purchase ski passes that are valid on a daily basis and are technically configured so that no photographs are taken when passing through the turnstiles (these ski passes are also randomly checked by our cable car staff).

Data protection
You can find our current privacy policy at www.serfaus-fiss-ladis.at/en/Data-protection.

Limitations on issuance of ski passes
The members reserve the right to limit the issue of all or individual tickets in case of inadequate snow conditions or imminent overcrowding of the ski slopes. Members also reserve the right to change prices, even on a daily basis, especially for events.

WINTER HIGHLIGHTS.

- Adventure Night with evening dining in our mountain restaurants (weekly)
- Night skiing & toboggan evening Serfaus (weekly, Komperdellbahn & Underground are in operation)
- Nightflow & Night skiing Fiss incl. evening dining in the Möseralm mountain restaurant (weekly)
